

Homework Robins

Due back to school – Tuesday 25th June 2024

English

This week, we have started our new class reader 'The proudest blue'. From the text we have been using our senses to describe unusual and interesting items. For your homework this week, we would like you to write 3-4 good sentences describing interesting items using your senses.

For example:

The wooden spoon feels smooth, light and hard. It smells of fire wood and olive oil.

Maths

This week, we have continued to learn about halves, quarters, thirds and finding the whole number. For your homework this week, we would like you to write out and complete the questions below in your homework book.

1. $\frac{1}{2}$ of ? = 4
2. $\frac{1}{2}$ of ? = 9
3. $\frac{1}{2}$ of ? = 14
4. $\frac{1}{2}$ of ? = 12
5. $\frac{1}{2}$ of ? = 8
6. $\frac{1}{4}$ of ? = 4

For example: $\frac{1}{2}$ of ? = 5

Step 1. Draw two groups (have a look at the denominator).

Step 2. We know there are 5 in one group ($\frac{1}{2}$)

Step 3. We know that the groups have to be equal.

Step 4. There are 5 in each group so the whole number is 10.

Step 5. $\frac{1}{2}$ of **10** = 5

Reading

We want you to be reading a minimum of four times a week. Make sure you are reading a book that you enjoy and want to read. To help your reading further, write a comment in your reading record.

Your focus question this week is;

Would you rather read your favourite book every day or a new book every day? Why?

You could ask a grown up to write your answer in your homework book or in your reading record.

Project

Sewing it altogether (Science, DT, PSHE, Music)

The whole of this term, we would like you to research and present information about different fabrics, materials found in your local area and about your favourite music band. You need to bring it into school or email it to us by **Tuesday 18th July 2024** please.

How you could present your information

Here are some ideas to get you started:

PowerPoint Presentation Information leaflet Video Book Poster

Below we have given you something specific to find out each week:

Week 1:	Please conduct research on a person in history who has influenced the fashion industry. For example, Vivian Westwood. How did they make a change?
Week 2:	Find out about the music your parents or other members of your family enjoy/enjoyed listening to. What did you think of their music?
Week 3:	What different types of materials can you find in your local neighbourhood or home?
Week 4:	Select a material type and find out what it is usually used for. What objects would you find made of this material?
Week 5:	Design/sketch your own pillowcase. Please annotate your pillowcase with your chosen fabrics.
Week 6:	French week! Please practise counting up to 10 in French. Please send a video to Ms Weber.
